

MOLDINGS mX™

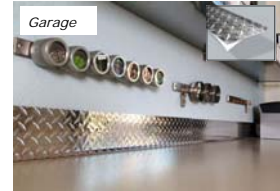

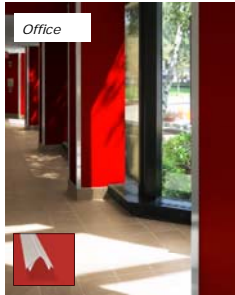

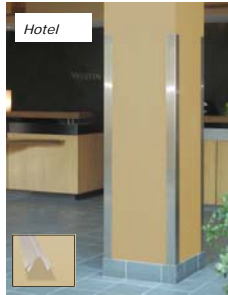

Self-Adhering Metal Moldings

Trim out your space with our complete line of Moldings MX™. All Moldings feature heavy duty all metal construction and are self-adhering for easy installation. Pre-formed inside and outside corners eliminate miter cuts making installation even easier.

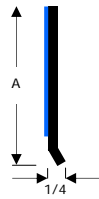

Available in 4 ft and 8 ft lengths as well as custom sizes. Check out all of the stunning metals and anodized colors. Durable and rugged. For wall protection and decor. Use for retail spaces, factories, architectural spaces, garages and more. Looks great, works even better™.

Advantages

- **All Metal Construction**
Heavy Duty Protection
- **Peel & Stick Installation**
extra wide proprietary high flow bonding tape adheres moldings quickly. Installs in seconds.
- **More Durable and Rugged**
than traditional plastic protectors
- **Pre-Formed Corners**
Pre-Formed Inside Corners and Outside Corners available eliminating complex miter cutting.
- **Easy to Cut**
cuts and drills like traditional trim. Use cutting blade designed for sheet metal.
- **Easy to Clean**
just wipe off
- **Chemical Resistant**
resistant to oil, grease, petroleum products and most household chemicals
- **UV Stable**
UV Stable and stain resistant
- **Anodized Colors**
Class II
- **Use for Protection and Appearance**
protects walls and looks great
- **For Commercial and Residential Use**
factories, workshops, retail spaces, restaurants, architectural spaces, garages and more
- **Real Commercial Grade Diamond Plate**
not the imitation stamped metal that others use
